MAKING HISTORY AT THE MISSION

It was a great year for the historic Mission San Juan Capistrano.

Despite the challenges of the economy, the Mission continued to serve, inspire, and support important education and cultural programming. Guests from all over the world came to appreciate the Mission and the ongoing stewardship and preservation of this most historic site. Our achievements were only made possible through the generosity of community partners, elected officials, donors, members, and concerned citizens that understand that history is more than what happened in books, it is real, and we are a part of it.

Each of you receiving this Annual Report for 2010-11 helped to ensure that the Mission continued to be a place of inspiration, education and preservation. Along the way, our Foundation and staff were able to start a new chapter in our Mission's history with the beginnings of our Gate House Preservation Project and the unveiling of our in-house curated "Mission Treasures: Historical Collection Revealed" exhibit. And still, with so much going on, over 50,000 students continued to experience hands-on learning and families and friends came together to experience something authentic and irreplaceable here at Orange County's only landmark.

On behalf of the Mission Preservation Foundation, we are proud to present this "snapshot" that measures our performance as a landmark and museum for the past fiscal year. But even better, we are honored to serve and work toward ensuring the long term sustainability of this most important and meaningful landmark for years to come.

Sincerely,

George O'Connell • Mechelle Lawrence-Adams • Reverend Monsignor Arthur A. Holquin
President *Executive Director* *Rector/Pastor*

The Mission Preservation Foundation

2010 - 2011 HISTORICAL YEAR LASTING ACHIEVEMENTS

he Mission continued to make history as Orange County's premiere landmark and museum celebrating California history for over 330,000 visitors in 2010-11.

The following are highlights of the year's accomplishments:

Support:

Membership at the Mission reached an all-time high of generating \$230,000 for preservation funding.

The Mission cookbook "The Bells Are Ringing: A Call to Table" was printed for a third edition. Since its inception five years ago, the Mission's renowned cookbook has grossed more than \$280,000 with sales of over 10,000 books. Net proceeds of \$179,794 have supported the preservation of the Mission.

The Mission San Juan Capistrano Docent Society celebrated its 30th anniversary as ambassadors of education. Each year docents serve nearly 27,000

students studying early California history. The City of San Juan Capistrano, with Mayor Sam Allevalo presiding, presented the docents with a proclamation at the end of the 2011 school year to recognize the milestone.

At year end, membership surpassed the previous year's membership levels by \$65,705.

The Landmarks Club, the Mission's planned giving program membership reached 34 estates. The Landmarks Club of the 1900s had a historic role in raising funds for preservation of the Great Stone Church, which still stands today as a result of their efforts.

Native American Basket Weaving demonstrations were started this past year with a small group of committed local Native American volunteers. All year, these incredible volunteers shared their craft and traditions with Mission visitors, making history come alive. The program is now a regular feature on the first and third Wednesdays of each month.

The Mission implemented the Ralph's Community Partners Program to raise funds for the Adopt-A-Class Scholarship Program giving field trip scholarships to low income students.

The Mission's social media presence on Facebook, Twitter, and YouTube continued to climb with many friending and fanning the Mission San Juan Capistrano as a way of expressing support and confidence in the landmark.

The Mission's official website achieved almost 23 million hits this fiscal year and generated over 8,500 new contacts that signed up to receive information about the Mission.

The St. Joseph's Day Return of the Swallows festival was a great success, and featured new traditions, along with the return of Dr. Charles Brown for public lecture. The new programming included bell ringing throughout the day by one of the Mission's official bell ringers. On this day, Nathan Banda made his official debut as one of three of the Mission's official bell ringers. This year's event was positively received by the community.

The Mission saluted the City of San Juan Capistrano on its 50th Birthday and recognized Council Member Larry Kramer at the Annual Mariachi Festival event.

The *Romance of the Mission* 2010 Gala Committee hosted an exquisite evening working alongside the Ritz-Carlton, Laguna Niguel and the Mission Preservation Foundation and an array of incredible Mission supporters. Net funds of \$198,000 were designated to provide early support to the Mission's Gate House Preservation Project and museum development fund.

Two grants were given to the Mission to support the Adopt-A-Class low income student scholarship fund. Generous grantees of the Nicholas Foundation and AT&T made it possible to serve an additional 2,500 students this past fiscal year.

Conservation and Preservation:

The historic Gloria Bell Wheel underwent much needed preservation in anticipation of its "Treasures of the Mission" exhibit. The Museum Department sought the expertise of a wood conservator, Patrick Edwards, to stabilize a new base for its display. The Bell Wheel was an artifact that was actively used during the Holy Week masses from the 1800s to the late 1900s and dates to the early 1800s.

May Painting Conservation Inc. returned to the Serra Chapel to carry out preventative maintenance and repairs to the decorative interior wall paintings in the sanctuary, entrance, and sacristy.

(CONTINUED)

LASTING ACHIEVEMENTS

Even though the Conservation of the Serra Chapel was completed in 2008, the Chapel had begun to show signs of wear due to continual use. All methods and materials used during the original 2008 project were once again tested and implemented in accordance with accepted conservation practices. Conservation work was funded by private donations.

The 1800s “St. Joseph with the Infant” painting underwent a much needed conservation treatment by Aneta Zebala and was able to be incorporated into the Treasures of the Mission exhibit.

The Mission showcased its “Mission Treasures: Historical Collection Revealed” exhibit to positive reviews of members, press, and the public. This in-house curated exhibit shared never before seen art, artifacts, and historic items of relevance in a meaningful way. Telling the story of the Landmarks Club, Father O’Sullivan, and the need for preservation, the story has hosted over 16,000 as of the fiscal year end after only one month of being available. The exhibit is now available indefinitely.

The 1880s Olive Mill located at the front of the Old Mission was in danger of falling over due to the severe rains of late 2010. In response to available funding, staff was able to intervene and stabilize the artifact before it fell over thereby preventing the possible loss of this site artifact.

The Sacred Garden archway was stabilized and protected from falling in. Damage occurred due to heavy rains, and heavy vegetation growing on the building feature.

The Preservation Field Office and Maintenance Shop underwent fumigation treatment.

Upgrades were made at the Soldiers Barracks to allow for video and music to be played. Improvements were made consistent with preservation standards.

Museum Work:

The Mission opened its “Lewis and Clark: Expedition Across America” exhibit, featuring a highly engaging and interactive exhibit about the two famed adventurers Meriwether Lewis and William Clark who set out more than two centuries ago to explore America’s western territory.

The Lewis and Clark exhibit creatively involved a partnership with the California Exhibit Resource Alliance (CERA) incorporating stunning photos from famed photographer Greg MacGregor. The exhibit provided students with engaging hands-on activities including spinning the wheel of misery and recording their interactive travels along the way. The exhibit was visited by over 50,000 during its five months on display.

With the unwavering energy and dedication of museum volunteers, the Mission's museum programming was also able to offer exhibit related children's weekend events, from a history treasure hunt in conjunction with the Mission Treasures exhibit to a Lewis and Clark scavenger hunt.

The Mission debuted its "Swallows History: Where are They Now?" newsreel. Produced in the style and manner of the old newsreels of the 1920s and 1940s, Mission San Juan Capistrano under its own Mission news, produced the newsreel to highlight the history of the world famous Capistrano Swallows annual return to the Mission and the challenges they face today. The newsreel was released on October 23rd, the official date that the swallows are reported to begin their trek back to Goya, Argentina. The newsreel is offered as part of the general

admission experience and is also available on the Mission's official website.

Security upgrades were carried out in the museum rooms.

Education:

Daily tours for individuals were added to the Mission's offerings. Prior to this new program, tours were only available for groups of 15 individuals or more. Small groups or individuals were unable to take anything but a self-guided audio tour. Today, there are daily tours offered all day long and by year end 6,931 visitors had taken a tour with one of the Guest Services staff.

The Mission debuted its own "Adobe Brick House kit", to date, 205 have been sold to support Education Programming at the Mission.

Over 100 teachers rated the Mission as an "A" or better as a destination for social studies learning on their field trip survey form.

Tens of thousands of California students visited the Mission, to study early California history.

Military discounts were also introduced to visitors at the Mission. To date, 1,721 of active military or retired personnel and veterans have enjoyed the program.

(CONTINUED)

LASTING ACHIEVEMENTS

The City of San Juan Capistrano approved the Mission's plans for the relocation of the gift shop use to the front entry under the Gate House Preservation Project.

The project will pave the way for the eventual conservation of the historic Sala building, and allow it to be used eventually for museum space. Fundraising is currently underway for the Gate House Preservation Project.

Future Growth, Museum Planning & Preservation:

The project constitutes a multi-million dollar improvement and preservation effort that includes tearing down a portion of the failing wall, rehabilitating the 1916 Gate House building, constructing a new ticket booth, and siting a new gift shop on the front corner that reflects many of the architectural and historic elements of the site.

The Mission continued to remain open to the public at large, did not raise pricing for admission or attendance, and did not have to reduce its programming or efforts to continue to ensure the Mission is a place of peace, meaning, and history for all.

Mission San Juan Capistrano remains the most significant
historic site in Orange County.*

MODEL MUSEUM HOST TO EXHIBITS

Mission San Juan Capistrano is a thriving indoor and outdoor museum experience. It provides a unique experience steeped in history and founded in a faith tradition.

Today its walls serve as exhibit halls, and its grounds as an outdoor gallery. This unique setting creates the perfect combination for hands-on learning and enlightenment about the past. As part of its goals, the Mission organization is dedicated to sharing its art, artifacts, and history with the world, and in doing so, finding affordable and well-managed means of doing so.

During 2010-2011, the Mission remained dedicated to hosting quality exhibits for the public. Private donations were used to further safeguard the museum spaces from wear and tear, address security concerns, and to develop new stories for visitors while also protecting the resources being used. Among those stories that was developed in the last year, was the Mission's highly-interactive, and short-term exhibit, "Lewis and Clark Expedition Across America."

This exhibit was engaging for the Mission's student population and attracted new people to visit the Mission because they were interested in Lewis and Clark's story. A part of the exhibit was provided by the California Exhibit Resource Alliance with the children's trail of discovery portion curated in-house and funded by private donations.

In late Spring 2011, the Mission presented its "Mission Treasures: Historical Collection Revealed" at last, showing many of the items never before seen from the archives of the Mission. This in-house curated exhibit garnered significant media attention, and continues to attract visitors from all over the world. This exhibit is available indefinitely and continues to inspire activism and support for the ongoing preservation of the Mission. In this way, the museum is a storyboard for continued history.

The museum will continue to be the focus of attention in the years to come, with the availability of continued funding to support its development and stewardship.

THE MISSION “EXPERIENCE” EVENT ACCOMPLISHMENTS

The Mission proudly hosted a busy 2010-11 calendar of events, providing many opportunities for the public to enjoy wholesome and meaningful experiences with friends and family.

From the world famous Return of the Swallows Celebration, to the Battle of the Mariachis Festival, the Music Under the Stars summer concert series, the annual *Romance of the Mission* benefit gala and Christmas at the Mission, there was something to celebrate nearly every month at Orange County's only mission.

In addition to the signature events, Mission San Juan Capistrano continued to expand its offering of unique “Always at the Mission” activities.

“Always at the Mission” activities include the adult audio tour, student audio tour, Curiosity Carts, Garden Tours, Native American basket weaving demonstrations, private guided tours, Welcome Video, Plein-Air Art Reproductions Exhibition from the collection of Mrs.

Joan Irvine Smith and the Irvine Museum in the Soldiers Barracks Gallery and more. Koi fish feeding was introduced as an everyday activity this year along with the now permanent exhibit, Mission Treasures: Historical Collection Revealed.

In 2010-2011, more than 330,000 experienced the Mission in one of these unique ways, and each left with a lifelong memory to cherish.

For more information on Signature Events at the Mission and “Always at the Mission” activities, please turn to pages 36 - 37 for a detailed listing.

HISTORY GIVES, STUDENTS RECEIVE INSPIRED LEARNING

The education staff at the Mission and partners such as Discovery Science Center, Ocean Institute, and Journeys to the Past took tremendous pride in motivating and teaching 50,000 students to care about history.

The careful arrival and artful teaching of so many children from October 2010, through June 2011, remained a top priority for everyone working at the Mission.

The Mission's volunteer docents generously provided 27,000 fourth grade students with guided tours. The Gardening Angels also provided summer garden experiences as well as Garden Tours. Members from the Juaneño Band of Mission Indians also provided basket weaving demonstrations for students to appreciate the traditions of their people.

In all, visiting teachers and their students rated the Mission with an overall "A" with many reporting that their field trip experience was one to be remembered for a lifetime.

A Letter from William M. Habermehl, Orange County Superintendent of Schools

Each year, over 50,000 students visit Orange County's only historic mission to learn about California history and all of California's missions. Your support of the Mission's education programming helps to keep the Mission around for the next generation of students, so thank you!

Mission San Juan Capistrano offers award winning audio tours in multiple languages and also provides educational "passport" booklets, and engaging exhibits. Students and parents will also find information about all of the missions in the California Missions Resources Studio, free with admission. There are "free with admission" weekend and summertime student activities, as well as numerous free resources on the website, all designed to extend the classroom learning beyond the field trip experience. All of this education programming complies with the 4th grade California Social Science Content Standards, (4.2 #5).

OVER 50,000 STUDENTS EDUCATIONAL FIELD TRIPS

For every student visiting, the Mission provides an opportunity to instill respect for history, architecture, old buildings, and culture.

The hundreds of letters from happy students and teachers sent to Mission staff, docents, and donors were proof that the field trip experience was more than a chance to get out of school. It was an opportunity to engage and inspire.

The table to the right provides a summary of Education Program Attendance Accomplishments in 2010 - 2011.

EDUCATIONAL PROGRAM ATTENDANCE ACCOMPLISHMENTS 2010 - 2011

FIELD TRIP ATTENDANCE	# OF STUDENTS
<i>Ocean Institute</i>	3,284

<i>Discovery Science Center's Making the Grade</i>	1,052
<i>Journeys to the Past</i>	1,025
ZOOMARS	116
<i>Scout Badge Program</i>	43
TOTAL	17,881

ADOPT-A-CLASS SCHOLARSHIP PROGRAM

2010 - 2011 Adopt-A-Class Scholarship Program Supporters

Mission San Juan Capistrano continued to find ways to ensure that student field trips could be funded for low income students through its Adopt-A-Class scholarship program.

Education programs through Adopt-A-Class were enjoyed by the under served of Southern California through the support of private donors. This donor supported field trip program generated \$39,037 to provide 3,394 students with free admissions, docent guided tours, Passport Explorers, transportation, and an education program class during the 2010 - 2011 school year.

"...The experience will have a life long impact on their lives. I know, because for many, they would not be able to afford the opportunity of traveling outside of their neighborhood to see an important part of California history..."

FUN FOR KIDS AT THE MISSION

The whole family enjoyed budget friendly activities by getting the chance to experience culture and history in many ways, from audio tours to educational tour booklets, fun exhibits and more during the 2010-11 fiscal year.

Families saw a snapshot of California's history by touring exhibits in upgraded museum rooms and exploring the 10-acre grounds of gardens, fountains and preserved architecture.

Most of Mission events and exhibits are included in the price of admission and nearly all are free to Mission Preservation Society members.

For more information on our on-going events and exhibits, please visit the official online calendar at www.missionsjc.com

Artifacts Council

Curiosity Cart Volunteers

Docent Society

Events and Office Support
Volunteers

Gala Committee

Gardening Angels

Living History

Native American Basket
Weavers

Women's Guild

Youth Leadership

LABOR OF LOVE OUR ORGANIZATION AND PASSIONATE VOLUNTEERS

In 2010-11 over 330,000 visitors were greeted by a smiling staffer, assisted by a caring volunteer, and guaranteed to have a quality visit and experience from the moment they arrived.

As part of its recruitment process, Mission leadership seeks to attract and retain caring and talented employees who will invest their time to ensure that Orange County's premiere landmark remains just that. From Guest Services specialists, to site work and preservationists, to event planners, there are many different types of Mission employees. However their differences, they all share one thing, they recognize their role as stewards at a most unique site and setting.

What the team has achieved in the stewardship of the historic buildings, organization of the artifacts, improvements and upgrades to the museum setting, as well as restoring the religious significance of the site are impressive accomplishments for a smaller non-profit organization that must rely on donations and support to make these special projects possible.

While there are more milestones ahead; one thing is guaranteed: The Mission team will work collaboratively to ensure that the landmark continues to shine.

People always say "it's so peaceful, it's so beautiful – it must be easy to work here." The answer is that "it takes 42 special and dedicated people, many passionate volunteers, and a lot of supportive friends to keep it that way." By the way, "It's not easy, but it's a privilege to do so."

In 2010-11, our 222 volunteers devoted 7,257 hours to keeping the Mission a vibrant place of inspiration, education and preservation.

We celebrate the Mission family and welcome Mission babies born during fiscal year 2010-11: Amaraly, Emmett and Makena.

PRESERVING CALIFORNIA HISTORY AT THE MISSION

Preservation is a top priority for Mission San Juan Capistrano. As the art and science of historic preservation has developed, site work must carefully reflect respect for the past and in all ways be reversible and based on an understanding of the past treatments.

Preservation is defined as the stewardship of this site and its structures. Preservation means sharing information to generate a learning opportunity.

Preservation efforts also require managing events so that they do not generate damage.

Preservation also involves sharing information about the site, or interpreting the site, so that those who visit leave with a deeper appreciation for various significant points in California history.

Future generations of preservationists must have access to well maintained records so that they know how to carry on future preservation projects.

Preservation of the Mission is funded entirely by private donations, membership, or grants. Income from the gate admissions do not fund the preservation of the site, but rather, keeps the Mission open.

This makes all of the accomplishments from the past year even more meaningful, when it is realized that gifts and donations directly translate into a measurable, immediate difference on the Mission grounds that will be appreciated for generations to come.

Work continued throughout 2010-11, paving the way for greater appreciation of the site for generations to come.
