

## ***VOLUNTEER OPPORTUNITIES*** **Educational Program Helpers**

Beautiful Mission San Juan Capistrano welcomes volunteers in the following programs:

### "Curiosity Carts"

Curiosity carts offer learning for students and visitors interested in seeing items up close, including branding irons, spurs, horseshoes, hides, candles, pottery shards and objects used by the Native Americans. Volunteers use the items to share Mission history with visitors.

### "Mission Matters Educational Program"

The Mission Matters educational programs feature hands-on projects for children including adobe brick making, rope making, and branding. Volunteers are needed to assist the instructor throughout the program with material preparation, set-ups and tear-downs.

For further information on these volunteer opportunities, please contact Pat March, Volunteer Program Administrator, at 949-234-1322 or [pmarch@missionsjc.com](mailto:pmarch@missionsjc.com)
