

Mariachi Cielo Azul

Mariachi Cielo Azul was founded in 2004 by a group of friends who had children studying music in Oxnard, CA. When the group was first formed they did not expect to last all these years, but they found a wonderful Director and this will be the third time participating in the Battle of the Mariachis.

Mariachi Cielo Azul has attended many workshops with prestigious groups such as Sol de Mexico, Mariachi Cobre, and Mariachi Guadalajara, just to name a few. Giving opportunities to talented young people to join the group, only two of the original members are still part of Cielo Azul and the rest are currently in high school. We are very proud that we have had many young members who have moved on to successfully play with other mariachi groups.
